Join Us! CFAP Webinar for Alfalfa Farmers – Thursday, October 15

St. Paul, MN – Thanks to NAFA's efforts in working with Congressman Collin Peterson and other congressional offices, alfalfa farmers are now eligible for USDA's Coronavirus Food Assistance Program 2 (CFAP 2). In order to provide farmers with details regarding the program, NAFA and USDA's Farm Service Agency (FSA) will be hosting the Coronavirus Food Assistance Program 2 (CFAP 2) Webinar specifically for alfalfa farmers on **Thursday, October 15 at 12:00 noon**.

Participants will have an opportunity to learn about CFAP 2 available to eligible farmers and ranchers whose operations have been directly impacted by the coronavirus pandemic. CFAP 2 payments provide eligible producers financial assistance which gives them the ability to absorb some of the increased marketing costs associated with the COVID-19 outbreak. The webinar will highlight basic program information and educational outreach resources that are available.

Farm Service Agency staff, including Supervisory Agricultural Program Specialist Calvin Gellatly, will review eligibility, the application process, and how payments are calculated. FSA staff will also take questions from participants.

To register for the CFAP 2 Webinar, [click here](#), or visit the NAFA website at alfalfa.org and click the link under ***CFAP Webinar for Alfalfa Farmers*** on the right.

FSA will be accepting applications for CFAP 2 through Dec. 11, 2020. To find the latest information on CFAP, including forms and the contact information for your local Service Center, visit farmers.gov/cfap.
