2016 ALFALFA VARIETY RATINGS – HOT OFF THE PRESS

St. Paul, MN – The National Alfalfa & Forage Alliance (NAFA) has released the 2016 edition of its popular “*Alfalfa Variety Ratings - Winter Survival, Fall Dormancy & Pest Resistant Ratings for Alfalfa Varieties*” - a valuable tool for all hay and dairy producers, extension specialists, agri-business personnel or anyone involved in the production of alfalfa.

NAFA’s one-of-a-kind publication provides an extensive listing of alfalfa varieties and their corresponding ratings for fall dormancy, winter survival, bacterial wilt, aphanomyces, leafhopper, and a host of other pests, as well as grazing tolerance, salt tolerance, and standability, to provide you the information needed to make educated decisions about the alfalfa varieties which will perform best in your environment. All varieties listed in the *Alfalfa Variety Ratings* publication can be purchased in the United States for the 2016 production year.

The 2016 edition of NAFA’s *Alfalfa Variety Ratings* features 178 alfalfa varieties from 22 marketers and has been verified with the Association of Official Seed Certifying Agencies (AOSCA) and the National Alfalfa Variety Review Board (NAVRB).

Paper copy not for you? Try NAFA’s searchable, online *Alfalfa Variety Ratings* database where you can make the tedious process of narrowing alfalfa varietal choices even easier. Available at <http://alfalfa.org/varietyratings.php>, NAFA’s searchable database allows you to search for varieties using up to 23 different parameters including variety name, marketer, fall dormancy, winter survival, disease resistance, and salt tolerance just to name a few. NAFA has made finding the perfect variety as effortless as possible.

NAFA’s *Alfalfa Variety Ratings* publication is available in the November issue of *Hay & Forage Grower* magazine or by visiting NAFA’s website at www.alfalfa.org (*low resolution print copies available to download free of charge; hard copies are available for a nominal fee of 50¢*).

NAFA’s *Alfalfa Variety Ratings* is a must-have for anyone involved in the production of alfalfa – be sure to get yours today!
